

Vision 20/20 UPDATE

Academic Programs, Research Growth, Faculty Excellence and Rewards and Public Service

Overall Status

Goal:

Implement five degree programs that may be completed entirely online. Online options should address student interest along with current and anticipated business/industry demand.

Strategy:

Provide comprehensive, high quality, student support services to help distinguish our online offerings from the competition.

Recent Key Accomplishments

The director of Center for Online learning has created an online orientation program as well as a student to student support program for online students. The Director of Library Services created a system wherein online students have access to the library resources.

Upcoming Events

1. The library has created a system to accommodate online students with their library requests such as shipment of books to students who live far from the campus.
2. Created an online orientation program to help students who are taking online classes for the first time.
3. TLH has student support team that contact each student on a weekly basis to address their needs.
