Facilities and Administration (Indirect Cost) Rate:

50.73 percent for on-campus activities. Modified Total Direct Cost (MTDC).
26.54 percent for off-campus activities. Modified Total Direct Cost (MTDC).

The Indirect Cost Rate is calculated by adding up all costs of the grant except Equipment; Capital Expenditures; Patient Care Costs; Rental of Off-Site Facilities; Student Tuition and Support; and costs over the first \$25,000 of subawards disbursed by WVSU and multiplying that amount by either 50.73 or 26.54 percent. These categories are further defined as follows:

- Equipment (generally, any *one* item that costs more than \$5,000 and has a useful life of more than one year. Computers are almost never equipment they would be considered supplies. If you have any doubts as to whether what you're planning to buy is equipment or not, contact the Office of Sponsored Programs at Ext. 4020;
- Capital expenditures (building projects involving bricks, mortar, and similar things);
- Charges for patient care;
- Rental costs of off-site facilities;
- Tuition remission (direct-costed expenses for tuition and fees, including graduate student health insurance, for University students);
- Participant Support Costs;
- Scholarship and fellowships (financial aid paid directly to University students, including scholarships, fellowships, stipends and dependency allowances.
- The portion of each subaward disbursed by WVSU over \$25,000 charges its 50.73 or 26.54 percent indirect cost rate on the first \$25,000 of *each* subaward in *every* grant, or up to \$12,682.50 (on-campus) or \$6,635 (off-campus).

Date of Current Facilities and Administration (Indirect Cost) Rate Agreement:

June 30, 2020 until revised.

Type of Indirect Rate Agreement:

Modified Total Direct Cost (MTDC). Predetermined rate.
