Title: Bookstore Policy

Section 1. General

1.1 Purpose: This policy shall be in effect and shall govern textbook sales and the operation of the bookstore by West Virginia State University. The goal of the policy is to maintain and improve program and course quality and minimize textbook costs to students.

1.2 Authority: West Virginia Code § 18B-10-14

1.3 Effective Date:

Section 2. Pricing

2.1 The prices charged for textbooks and other instructional material may not be less than the prices fixed by any fair trade agreements and shall, in all cases, include in addition to the purchase price paid by the bookstore, a sufficient handling charge to cover all expenses incurred for personnel and other services, supplies and equipment, storage, and other operating expenses.

2.2 The bookstore will minimize the costs to students of purchasing textbooks and instructional supplies.

2.3 The bookstore shall maintain both new and used book stocks along with other supplies for student needs.

2.4 It is the responsibility of the academic departments in coordination with the appropriate Office of Academic Affairs to select the textbooks and instructional materials used in courses taught at West Virginia State.
2.4.1 Once adopted, a textbook should be used for a reasonable amount of time, which is suggested to be two years. Multiple sectioned courses are encouraged to use the same textbook.

2.4.2 The book order form must be submitted to the bookstore by 4:00 on the due date. A textbook will not be ordered until the book order is received.

2.4.3 West Virginia State employees may not require students to purchase a textbook or course packs which they have authored unless those materials have also been adopted by another accredited institution or unless the employee waives royalties from the student purchases.

2.4.4 Textbooks that include or incorporate either detachable worksheets or worksheet-style pages may not be adopted. This provision does not prohibit an employee from requiring as a supplement to a textbook any workbook or similar material which is published independently from the textbook.

2.5 West Virginia State employees may not receive a payment, loan, subscription, advance, deposit of money, service, benefit or thing of value, present or promised, as an inducement for requiring students to purchase a specific textbook for course work or instruction, as this would be in violation of the West Virginia Ethics Act.

2.6 Exceptions to 2.4.1, 2.4.2, 2.4.3, and 2.4.4 may be made with the approval of Deans.

**Section 3. Textbooks Lists**

3.1 The bookstore shall make available to students a listing of textbooks required or assigned for any course offered at West Virginia State.

3.1.1 The listing shall be prominently posted at the bookstore and on the official West Virginia State website.
3.1.2 The listing shall include for each textbook the International standard Book Number (ISBN), the edition number, and any other relevant information.

3.1.3 Each book will be posted to the listing when the adoption process is complete and the respective academic department has placed an order for the textbook with the bookstore. Posting should occur no later than one month prior to the start of the semester in which the book will be used.

Section 4. Desk Copies

Subject to approval of the Governor, the governing board periodically shall change the amount of the revolving fund necessary for the proper and efficient operation of the bookstore.

5.1.1 Moneys derived from the operation of the bookstore shall be used first to replenish the stock of any goods and to pay the costs of operating and maintaining the bookstore.
