

Suggested Mathematics Course Rotation

Course #	Course Name	Rotation
Math 205	Discrete Mathematics	Every Fall Semester
Math 206	Calculus I	Every Semester
Math 207	Calculus II	Every Semester
Math 208	Calculus III	Every Semester
Math 222	Elementary Statistics	Every Semester
Math 300	Intro. To Geometry	Every Fall Semester
Math 307	Linear Algebra	Every Fall Semester
Math 308	Abstract Algebra	Every Spring Semester
Math 309	History of Math	Fall Semester of Even-numbered Years
Math 310	Number Theory	Fall Semester of Odd-numbered Years
Math 315	Complex Variables	Spring Semester of Odd-numbered Years
Math 401	Vector Analysis	Spring Semester of Even-numbered Years
Math 402/415	Differential Equations	Every Spring Semester
Math 403	Intro. To Probability	Fall Semester of Even-numbered Years
Math 404	Numerical Analysis	Fall Semester of Odd-numbered Years
Math 406 ¹	Mathematical Statistics	Spring Semester of Odd-numbered Years
Math 408	Senior Seminar	Every Spring Semester

¹ If Math 403 ran in previous Fall.
