6. SELECTION PROCESS:

- d. Committee members will ensure the nominees meet all of the criteria in accordance with paragraph 2.
- e. Each nominee packet must receive unanimous approval by all committee members in order to be inducted into the HoF. Any committee member [through anonymous vote] can disapprove a nomination packet. Likewise, any committee member can recommend a nomination packet be considered for induction into the Honorary HoF, in lieu of induction into the HoF proper.

- f. Personnel selected for induction will be notified via USPS mail no later than Memorial Day weekend. The WVSU Army ROTC department will provide the exact date, time, and location for induction into the hall of fame.
- g. Due to limited space inside the Ferguson-Lincoln Building, no additional ROTC Hall of Fame inductees will be displayed on the walls with the silver framed photo and biography, but rather they will be digitally displayed [both photo and biography] on a digital monitor in the Ferguson-Lincoln Building and made available online. (See attached Annex A, and B).

7. HONORARY INDUCTEES AND RECOGNITION:

- a. In 1982 our first honorary inductees were enshrined in the ROTC Hall of Fame. It was originally determined that honorary inductees would be considered every ten (10) years thereafter. In 2008 the selection committee revised the time criteria of selection for honorary inductees and determined the selection every five years as 2008, 2013, 2018, etc., unless extenuating circumstances present themselves.
- b. In December 2012, the PMS revised Honorary HoF criteria such that selection may be made each year as deemed appropriate by the PMS with the support of the selection committee. There remains NO requirement to induct personnel each year into the Honorary HoF, nor shall there be a limit to the number of personnel inducted, or any limit to the calendar year in which worthy candidates may be inducted.
- c. Selection criteria will be at the discretion of the PMS and the selection committee. Honorary HoF nomination packets must receive unanimous approval by the selection committee in order to be inducted.
- d. The process of recognizing honorary members has undergone two revisions. The original method involved an Honorary Recognition of Service Album with selections occurring every 10 years. The next revision involved placing all honorary inductee photos on the northern wall inside the ROTC Hall of Fame room. This method provided limited wall space, with selections occurring every five years. The current revision offers limitless space (electronic photos), no restriction on induction years (every year if applicable), and no restriction on the number of Honorary HoF personnel. All Honorary inductee photos have been removed from the wall as well as the album and have been archived with the WVSU Jordan-Drain library. The photo of honorary members will appear in digital format [with biography] and will cycle on a 22" digital monitor in the Ferguson-Lincoln Building.

ROTC Hall of Fame (HoF) By-Laws

- e. In the past, those who did not make it into the ROTC Hall of Fame Proper on a given year but had a very strong submission packet would be considered for induction into the Honorary HoF. Most honorary inductees remain eligible to be resubmitted in the following year for the HoF Proper. If there is a resubmission of a person in the Honorary HoF to be competed for placement into the ROTC Hall of Fame Proper, and that resubmission is voted into the Hall of Fame Proper, that individual will be removed from the Honorary HoF and placed into the ROTC Hall of Fame Proper. If that individual is not voted into the ROTC Hall of Fame Proper, then that individual will remain in the Honorary HoF.
