Part B - Organization - Control and Levels

2. What is your institutional **control** or **affiliation**?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions' appearance to students. If you reported incorrectly in a previous year, please contact the IPEDS Help Desk at 877.225.2568 to correct the error.

Public - Select primary and/or secondary controls below

Primary control: Secondary control (if applicable):

Private for-profit

Private not-for-profit independent (no religious affiliation)

Private not-for-profit religious affiliation - Select affiliation below

3. What award levels are offered by your institution? [Check all that apply]

Award Levels reported should be completed based on the **current year**. When reporting award levels for subbaccalaureate certificates (levels 1a, 1b, 2, and 4), **determine program length by the number of credit or clock hours**.

The "Other" award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the "Other" category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1a, 1b, 2, or 4, depending on the length of the Teacher Preparation program.

Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional Characteristics student charges data in the fall, Student Financial Aid data in the winter, and Graduation Rates data in the winter. *It also impacts the net price calculation in the Student Financial Aid survey.*

If the calendar system differs from prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

4. What is the predominant calendar system at the institution? [Choose one]

Academic Year Reporting Method (Standard academic terms)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT, and student charges data for a full ACADEMIC YEAR.

-  Semester
-  Quarter
-  Trimester
-  4-1-4 or similar plan

Program Reporting Method (Other calendar system)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM.

-  Differs by program
-  Continuous basis (every 2 weeks, monthly, or other period)

Hybrid/Mixed Reporting Method (Standard academic terms, other academic calendar)

Selecting the hybrid calendar type determines that your institution will provide Graduation Rates data based on a FULL-YEAR COHORT, student charges data for a full ACADEMIC YEAR, and Student Financial Aid data for students enrolling between August 1 and October 31.

-  Hybrid (Other academic calendar)

Part B - Organization - Student Enrollment

5. Does your institution enroll any of the following types of students?

Include all levels offered by your institution, *even if there are no students currently enrolled at that level.*

Responses to these questions determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the Spring collection. Additionally, checking **Yes** for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.

	Full-time		Part-time	
<u>Undergraduate (academic or occupational programs)</u>	No	Yes	No	Yes
<u>First-time, degree/certificate-seeking undergraduate</u>	No	Yes	No	Yes
<u>Graduate (not including doctor's-professional practice)</u>	No	Yes	No	Yes

7. For Fall 2017, did your institution have any full-time, first-time degree/certificate-seeking students enrolled in programs at the baccalaureate level or below?

If you answer **Yes** to this question, you will be required to provide Graduation Rates data for the 2017-18 cohort in the winter collection. If you answer **No** to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested.

If you reported any full-time, first-time degree/certificate-seeking undergraduates on the 2017-18 Enrollment survey, the data will be preloaded below.

- No
- This institution did not enroll full-time, first-time (undergraduate) students.

If you need assistance or need to make changes, contact the IPEDS Help Desk at 1-877-225-2568. You will not be able to lock your submission if this question is blank.

Part C - Other Survey Screening Questions - Open Admission

1. Does your institution have an open admission policy for all or most entering first-time degree/certificate-seeking undergraduate-level students?

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

i If your institution does not have an open admission policy, you will be required to report Admissions component on your admissions procedures and admissions yield.

Admissions 2023-24

Institution: West Virginia State University (237899)

Admissions Considerations

1. Please select the option that best describes how your institution used any of the following data in its undergraduate selection process for the fall 2023 **first-time student** cohort. (If your institution has changed its admissions considerations for the fall 2024 first-time student cohort, you may indicate such changes in the context box immediately following this section).

Admission Considerations	Required to be considered for admission	Not required for admission, but considered if submitted	Not considered for admission, even if submitted
Secondary school GPA			
Secondary school rank			
Secondary school record			
Completion of college-preparatory program			
Recommendations			
Formal demonstration of competencies (e.g., portfolios, certificates of mastery, assessment instruments)			
Work experience

<u>Admission test scores</u> Select options based on whether scores are required for admissions, not placement once admitted.	Required to be considered for admission	Not required for admission, but considered if submitted (Test Optional)	Not considered for admission, even if submitted (Test Blind)
<u>SAT / ACT</u>			
Other Test (ATB, Wonderlic, WISC-III, etc.) Note: If this is the only requirement other than a diploma or equivalent, and few students are not admitted due to this test, your institution is open enrollment. Please contact the Help Desk to correct your response to this question.			
English Proficiency Test (for applicable students)			

You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Selection Process - A/A/E

2. Provide the number of first-time, degree/certificate-seeking undergraduate students who applied, who were admitted, and who enrolled (either full- or part-time) at your institution for Fall 2023. Include early decision, early action, and students who began studies during the summer prior to Fall 2023.

Remember that this question applies only to first-time, degree/certificate-seeking undergraduates. Do not include any other students in these totals. Report admitted students who enrolled in the summer ONLY IF they remained enrolled into the fall.

Only include levels that you indicated were offered in the IC Header. If you made an error in the IC Header, please remember to fix the error next year.

- The 'gender unknown' category will be determined by subtracting (men + women + another gender) from the Total.

Is your institution able to report **another gender** for the 2023-24 data collection?

If you indicate 'No, my institution does not collect data on another gender,' leave the cells in the rows for '**Another gender**' blank (i.e., do not report 0). If you indicate 'No, some cells will have a value of less than 5 students,' your institution collects data on another gender, but some cells have a value of less than 5 students, do not report the data and leave the cells in the rows for 'Another gender' blank. If you indicate 'Yes', but no students identified as another gender, please enter '0'.

Selection Process - Test Scores

3. Provide data for all students for whom a test score was used in the admissions decision for Fall 2023. Include new students admitted the summer prior to Fall 2023. If you report less than 5 students for any of the scores, do not report percentiles.

Institutions that use test scores for some students report the number of students for whom test scores were used.

Part A - Fall Enrollment- Gender Unknown or Another Gender than Provided Categories

Part A - Fall Enrollment - Gender Unknown or another gender than Provided Categories

- The 'gender unknown' category is to report students for whom the institution does not know a gender.
- Institutions should not ask students that do not select a binary gender to allocate themselves to a binary gender category; it is up to the institution to allocate unknown students and students that indicate another gender into the binary categories throughout the forms where required. One commonly used method to allocate students is to use the known portion of men to women.

Is your institution able to report **another gender** for the 2023-24 data collection?

If you indicate 'No, my institution does not collect data on another gender,' leave the cells in the rows for '**Another gender**' blank (i.e., do not report 0). If you indicate 'No, some cells will have a value of less than 5 students,' your institution collects data on another gender, but some cells have a value of less than 5 students, do not report the data and leave the cells in the rows for 'Another gender' blank. If you indicate 'Yes', but no students identified as another gender, please enter '0'.

Undergraduate students:

- Yes
- No, some cells will have a value of less than 5 students (do not report)
- No, my institution does not collect data on another gender

Graduate students:

- Yes
- No, some cells will have a value of less than 5 students (do not report)
- No, my institution does not collect data on another gender

Of the total students reported, how many students did you allocate to a binary gender category (Men/Women) because their gender was unknown or another gender than the provided categories?

Part E - First-time Bachelor's Cohort Retention Rates (Full-time)

Retention Rates - Full-time, First-time Bachelor's Seeking Cohort from Fall 2022

Academic reporters determine the cohort and retention as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2022 and retention based on August 1, 2023.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from and inclusions are added to the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only **full-time, first-time bachelor's-seeking** students in this cohort.
- Determine the full-time cohort using Fall 2022 status (e.g., if a student was full-time in Fall 2022, report them in the full-time cohort regardless of their Fall 2023 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E2a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E2b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E1) but who have re-enrolled at the institution their second year.

Choose one option that best explains your data or choose "Not Applicable" if you do not wish to provide context notes. If none of the options provided explain your institution's data, then choose "Other" and write your own context notes. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Part E - First-time Bachelor's Cohort Retention Rates (Part-time)

Retention Rates - Part-time, First-time Bachelor's Seeking Cohort from Fall 2022

Academic reporters determine the cohort and retention as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2022 and retention based on August 1, 2023.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

Retention Data Reporting Reminders:

- Include only **part-time, first-time bachelor's-seeking** students in this cohort.
- Determine part-time using Fall 2022 attendance status (e.g., if a student was part-time in Fall 2022, report them in the part-time cohort regardless of their Fall 2023 status).
- If there are no students to report in the cohort, enter zero. Do not leave the field blank.
- Report in the exclusions box (line E7a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or to serve on official church missions.
- Report in the inclusion box (line E7b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E6) but who have re-enrolled at the institution their second year.

Part A - Gender Unknown or Another Gender than Provided Categories

12-month Unduplicated Count by Gender Unknown or Another Gender than Provided Categories

- The 'gender unknown' category is to report students for whom the institution does not know a gender.
- Institutions should not ask students that do not select a binary gender to allocate themselves to a binary gender category; it is up to the institution to allocate unknown students and students that indicate another gender into the binary categories throughout the forms where required. One method commonly used by institutions is to allocate these students to the binary categories required in other parts of the form using the proportion of men to women reported.

Is your institution able to report **another gender** for the 2023-24 data collection?

If you indicate 'No, my institution does not collect data on another gender,' leave the cells in the rows for '**Another gender**' blank (i.e., do not report 0). If you indicate 'No, some cells will have a value of less than 5 students,' your institution collects data on another gender, but some cells have a value of less than 5 students, do not report the data and leave the cells in the rows for 'Another gender' blank. If you indicate 'Yes', but no students identified as another gender, please enter '0'.

Undergraduate students:

- Yes
- No, some cells will have a value of less than 5 students (do not report)
- No, my institution does not collect data on another gender

Graduate students:

- Yes
- No, some cells will have a value of less than 5 students (do not report)
- No, my institution does not collect data on another gender

Of the total students reported, how many students did you allocate to a binary gender category (Men/Women) because their gender was unknown or another gender than the provided categories?

	Number of students			
	Undergraduate students		Graduate students

Part B - Instructional Activity

12-month Instructional Activity

July 1, 2022 - June 30, 2023

Instructional Activity Reporting Reminder:

- Instructional activity is used to calculate an IPEDS FTE based on the institution's reported calendar system.
- Graduate credit hour activity should not include any doctor's – professional practice activity, the total of those students' FTE is entered separately instead.

FTE Reporting Reminder:

- Institutions need not report their own calculations of undergraduate or graduate FTE unless IPEDS FTE calculations would be misleading for comparison purposes among all IPEDS reporting institutions.

Part C – Unduplicated Count of Dual Enrolled Students

12-month Unduplicated count of dual enrolled students

July 1, 2022 – June 30, 2023

- The number of high school students enrolled in college courses for credit was reported in Part A as part of the non-degree/non-certificate-seeking unduplicated enrollment.
 - The number of high school students enrolled in college courses for credit reported in Part C will have some duplication with the non-degree/non-certificate-seeking enrollment students reported in Part A.
 - The number of high school students enrolled in college courses for credit reported in Part C should be less than the number of non-degree/non-certificate-seeking students reported in Part A unless all these students at your institution are high school students enrolled in college courses for credit.
- Report Hispanic/Latino individuals of any race as Hispanic/Latino
- Report race for non-Hispanic/Latino individuals only

In Part A, your institution reported the following number of students in the non-degree/non-certificate-seeking unduplicated headcount.	2,747

Summary

12-Month Enrollment Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the [College Navigator](#) website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the [IPEDS Use the Data](#) and appear as aggregated statistics in various Department of Education reports. [College Navigator](#) is updated approximately three months after the data collection period closes and DFRs will be available through the [IPEDS Use the Data](#) and sent to your institution's CEO at the end of 2024.

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Gender Unknown or Another Gender than Provided Categories

- The 'gender unknown' category is to report students for whom the institution does not know a gender.
- Institutions should not ask students that do not select a binary gender to allocate themselves to a binary gender category; it is up to the institution to allocate unknown students and students that indicate another gender into the binary categories throughout the forms where required. One method commonly used by institutions is to allocate these students to the binary categories required in other parts of the form using the proportion of men to women reported.

Is your institution able to report **another gender** for the 2023-24 data collection?

If you indicate 'No, my institution does not collect data on another gender,' leave the cells in the rows for '**Another gender**' blank (i.e., do not report 0). If you indicate 'No, some cells will have a value of less than 5 students,' your institution collects data on another gender, but some cells have a value of less than 5 students, do not report the data and leave the cells in the rows for 'Another gender' blank. If you indicate 'Yes', but no students identified as another gender, please enter '0'.

Undergraduate students:

- Yes
- No, some cells will have a value of less than 5 students (do not report)
- No, my institution does not collect data on another gender

Graduate students:

- Yes
- No, some cells will have a value of less than 5 students (do not report)
- No, my institution does not collect data on another gender

Of the total students reported, how many students did you allocate to a binary gender category (Men/Women) because their gender was unknown or another gender than the provided categories?

Section I - Establishing cohorts

Establishing cohorts

Based on your institution's response to the predominant calendar system question (B3) on the Institutional Characteristics Header survey component from the IPEDS Fall 2023 data collection,

your institution must report graduation rates data using a :

Fall Cohort

A fall cohort is used by institutions with standard academic terms (semester, trimester, quarter, 4-1-4). A full-year cohort is used by institutions offering primarily occupational/vocational programs and operating on a continuous basis.

Reporting Reminder:

- Report Hispanic/Latino individuals of any race as Hispanic/Latino
- Report race for non-Hispanic/Latino individuals only

NOTE: Reporting using the new race/ethnicity categories is now mandatory. On this screen you will need to revise your preloaded 2017 cohort of full-time, first-time degree/certificate-seeking undergraduate students to the new race/ethnicity categories (if applicable). For information and assistance with this, please visit the [IPEDS Race/Ethnicity Information Center](#).

- Incoming students seeking a bachelor's degree should be reported in Column 02. Column 03 will then be generated for you. Column 03 is meant to include any full-time, first-time entering students who were seeking a degree or certificate other than a bachelor's degree, such as an associate's degree or undergraduate certificate.
- If you have no changes to the preloaded data on this screen, click the "Save and Next" button to generate additional screens for reporting completers and transfers/exclusions.

Section I - Establishing cohorts - Gender Unknown or Another Gender than Provided Categories

Section I - Establishing cohorts - Gender Unknown or Another Gender than Provided Categories

- The 'gender unknown' category is to report students for whom the institution does not know a gender.
- Institutions should not ask students that do not select a binary gender to allocate themselves to a binary gender category; it is up to the institution to allocate unknown students and students that indicate another gender into the binary categories throughout the forms where required. One method commonly used by institutions is to allocate these students to the binary categories required in other parts of the form using the proportion of men to women reported.

Is your institution able to report **another gender** for the 2023-24 data collection?

If you indicate 'No, my institution does not collect data on another gender,' leave the cells in the rows for '**Another gender**' blank (i.e., do not report 0). If you indicate 'No, some cells will have a value of less than 5 students,' your institution collects data on another gender, but some cells have a value of less than 5 students, do not report the data and leave the cells in the rows for 'Another gender' blank. If you indicate 'Yes', but no students identified as another gender, please enter '0'.

- Yes
- No, some cells will have a value of less than 5 students (do not report)
- No, my institution does not collect data on another gender

Of the total students in the revised cohort, how many students did you allocate to a binary gender category (Men/Women) because their gender was unknown or another gender than the provided categories?

Undergraduate Students		Number of students	
		Current Year	Prior year
Grand total		373	398
	Gender unknown (i.e., gender information is not known or not collected).	<input type="text" value="0"/>	0
	Another gender (i.e., gender information is known but does not fall into either of the mutually exclusive binary categories provided [Men/Women]).	<input type="text"/>	
Total of Gender unknown + Another gender		0	0
Total of Students for whom gender is known and falls into one of the mutually exclusive binary categories provided [Men/Women]		373	398

 You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Section II - Bachelor's or equivalent degree-seeking subcohort - Completers within 150%

- In the columns below, report the status of the bachelor's degree-seeking subcohort of students listed in Column 10.
- Of the students in Column 10, those who attained a degree or certificate OTHER THAN A BACHELOR'S DEGREE within 150% of the normal time to complete the program as of August 31, 2023 should be reported in either Column 11 or 12, depending on the length of the program completed.
- Of the students in Column 10, those who attained a bachelor's degree or equivalent within 150% of normal time should be reported in Column 18.

Section II - Bachelor's or equivalent degree-seeking subcohort - Transfers/exclusions

- In the columns below, report the status of those students in the BACHELOR'S OR EQUIVALENT DEGREE-SEEKING SUBCOHORT listed in Column 10 who did not complete a program within 150% of normal time to completion.
- Report transfers-out who did not complete a program in Column 30. If the mission of your institution includes providing substantial preparation for students to enroll in another eligible institution WITHOUT having completed a program, you must report transfer-out data in Column 30. A school is required to report only on those students that the school knows have transferred to another eligible institution. A school must document that the student actually transferred. If it is not part of your mission, you may report transfer-out data if you wish.
- Report eligible exclusions from the subcohort in Column 45. The ONLY allowable categories for this column are:
 Students who died or became totally and permanently disabled
 Students who left school to serve in the armed forces (or have been called up to active duty)
 Students who left school to serve with a foreign aid service of the Federal Government
 Students who left school to serve on an official church mission
- Column 52 [No longer enrolled] will be calculated for you. This includes students who have dropped out as well as those who completed in greater than 150% of normal time.
- If you do not have any values to report in either Column 30, 45, or 51, you must enter at least one zero in a field on this screen to continue.

For each subcohort, report the number of students in the cohort, total exclusions for the cohort, the number of students that completed a bachelor's or equivalent degree within 150% of normal time to completion, and the total completers within 150%.

- Recipients of a Pell Grant and Recipients of a Direct Subsidized Loan that did not receive a Pell Grant are **mutually exclusive**, that is, if a student is in one cohort, they cannot be in the other cohort.

Summary

Graduation Rate Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the [College Navigator](#) website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the [IPEDS Use the Data](#) and appear as aggregated statistics in various Department of Education reports. [College Navigator](#) is updated approximately three months after the data collection period closes and DFRs will be available through the [IPEDS Use the Data](#) and sent to your institution's CEO at the end of 2024.

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Establishing Cohorts

2015-16 Entering Undergraduate Cohort

July 1, 2015-June 30, 2016: Full Year

- Begin by identifying your entering degree/certificate-seeking undergraduates for the full year of July 1, 2015 - June 30, 2016.
- Then report each student under one of the eight subcohorts (Pell or Non-Pell Grant recipients FTFT, FTPT, NFTFT, NFTPT).
- Each entering student should be reported only once.
- The four cohorts and total entering students will be calculated based on your subcohort reporting.

NOTE: Once a student is in the cohort, the student remains in the cohort, even if the student's attendance status changes (i.e., full-time to part-time, or vice versa) or if the student drops out, transfers out, or transfers back into the institution during the eight-year period. However, institutions can make adjustments to the cohort for allowable exclusions, which include the death of a student, total and permanent disability, military deployment, or service on an official church mission or with a foreign aid service of the Federal government. Exclusions are for the ENTIRE eight years for the entering 2015-16 cohort.

Section 1: Comparison Chart

Comparison Chart

Reporting Reminders:

- Based on the information reported on the previous screens for all undergraduate students and full-time, first-time degree/certificate-seeking undergraduate students, this comparison chart seeks to help institutions check their reported data. Assuming the information reported is correct, the calculated fields for 'All Other Undergraduate students' should be the balance. Similarly, comparison chart values for all degree/certificate and all non-degree/ certificate undergraduates should match the total reported in columns 1-4 in Section 1, Part B. If the balance does not check with your institution's calculations, please correct your reported numbers before moving forward with the completion of the SFA survey component.
- Data for all degree/certificate seeking undergraduate students and full-time, first-time undergraduate students are published on College Navigator.

Note:

- Data for the 'all other degree/certificate undergraduate' students and all non-degree/certificate undergraduate students will appear in the IPEDS Data Center for data users, but not in College Navigator.

Summary

Finance Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the [College Navigator](#) website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the [IPEDS Use the Data](#) and appear as aggregated statistics in various Department of Education reports. [College Navigator](#) is updated approximately three months after the data collection period closes and DFRs will be available through the [IPEDS Use the Data](#) and sent to your institution's CEO at the end of 2024.

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

You may use the box below to provide additional context for the data you have reported above.

This year we were able to use Journal Finder to identify the number of Physical periodical titles in the library as well as the number of digital/electronic titles. Some media formats are being removed from the collections, due to age and lack of equipment. The university signed a consortium agreement with several other universities last year; the number of databases increased (and the coverage/ number of journals available - upgraded in several of the databases) so the number of journals available increased this year. Additional Master degree programs have been added to the university. More staff/librarians have been hired, to maintain services.

Expenses

Section II: For degree-granting institutions with library expenses >= \$100,000

Library expenses should be reported for the most recent 12-month period that corresponds to your institution's fiscal year that ends before October 1, 2023.

You may use the space below to provide context for the data you've reported above.

The library hired a new director and additional staff during the year. Database and other major costs are not always paid during the 12 month period due to early cut-off (closing the books in May), so sometimes a database may be paid for twice one year and not at all in the year before or after. This causes the expenses to appear to go up and down. A few infrequently used indexes are being dropped.
