

Vision 2020 Update – Academic Programs, Research Growth, Faculty Excellence and Rewards and Public Service

Overall Status

Goal II: Develop new and reconfigure existing academic programs to be responsive to student, stakeholder and community needs.

Strategy G: Review course delivery mechanisms to ensure that students can complete their degree in a timely fashion with the appropriate mix of in person, online and hybrid courses.

Recent Key Accomplishments

Partnered with The Learning House (TLH) company to host and market online courses, as well as online programs.

Upcoming Activities

As a result of the partnership with TLH, number of fully-online classes at WVSU will increase substantially. This will provide many students more flexible schedules resulting in timely completion of the degrees by many students. In addition, the TLH partnership will enable the University to offer fully-online degree programs for the first time.

Emerging Issues

Since online courses are in high demand and fill very quickly, students who are enrolled in fully-online courses might not get to register for their required classes.

Solutions

Reserve some seats in web 100 classes for fully-online students.
