

Vision 2020 Update - Building, Renovation and Technological Infrastructure

Overall Status

Goal II: Develop a Campus Master Plan that promotes our campus character. The plan will support a range of teaching, learning and recreational activities. As part of the planning process, review processes and practices to ensure greater energy efficiency and effectiveness within the University's operations.

Strategy A: Assess and monitor the condition of facilities so that decisions about investments in critical maintenance, or about potential renovation, etc., can be made on the basis of complete and accurate information about the long-term costs and benefits of such actions.

Recent Key Accomplishments

A meeting is held on each Wednesday to discuss maintenance issues, renovations, and the long-term cost and benefits of all repairs.

Upcoming Activities

Emerging Issues

Additional funding is needed to address maintenance issues, renovations, and needs.

Solutions

Obtain additional funding.

Upcoming Deliverables/Milestones

<u>Item</u>	<u>Due Date</u>	<u>Status</u>	<u>Progress</u>	<u>Comments</u>
Item: Assess and monitor the condition of facilities.	Daily/ Weekly		100%	Every day, maintenance workers attempt to ensure proper and adequate functioning of all facilities and campus grounds.
